# THINGS TO THINK ABOUT!

*With warm weather approaching don't forget your four footed friends!*

**HOT PAWS ON PAVEMENT**

You don't think about it because you have shoes on. So when you are in the parking lot chatting with a friend or loading bags, and your dog is pulling and jumping, don't scold him, his paws are **BURNING** up! Goes for crossing the street too. Let your dog walk on grass if possible.

PLEASE SHARE TO HELP ALL OUR FURRY FRIENDS!

*\*Be sure they have access to adequate shelter, food and water!!*

*\*When walking your pal or having them outside, don't forget they can get heat stroke and burn the pads of the paws on hot pavement*

*\*Leaving your pets in a vehicle for a short period of time, even with the windows open, can be deadly for the animal!!!*

*\*And always vaccinate your animals, it's a small price to pay to keep your pets healthy!*

**70° IS TOO HOT to leave a dog in the car**

Outside / Inside Car	
75°	118°
77°	123°
81°	138°
90°	143°
94°	145°
