

Public Works Service Operations Department

DATE: May 20, 2019

FROM: Jeff Heintz, Service Operations Director 

ITEM: Revert Weed Mowing Administration fee from \$120 down to \$40

REQUEST

Approval to revert the fee for 2019 weed mowing administrative costs from \$120 to \$40.

Please place this item on the 5/28/2019 City Commission meeting agenda.

BACKGROUND INFORMATION

Due to previous Commission action eliminating invoicing for weed mowing and assessing the cost directly to the property taxes of the private property owner, the time involved in administrative work has been reduced. This reduction in time for finance has led us to reconsider the costs and therefore recommend that the fee be reduced to \$40 per mowing.

RECOMMENDED CITY COMMISSION ACTION

Approve to accept a change in fee for administrative costs associated with weed mowing from \$120 down to \$40.
