For 2019 we had budgeted \$13,200.00 to purchase additional hand held radio's. These radio's will take care of our immediate needs . The cost per radio is the same as the radio's we purchased in 2018 at which time we had gotten quotes and Electronic Communications had the low quote. The accessories will be purchased online from Magnum Electronics. (31 ear pieces and 100 replacement ear piece tubes.) The above quotes have come in under budget and have met our requirement and recommend approval to purchase.
