

## *Bismarck-Burleigh Public Health*

**DATE:** July 16, 2019

**FROM:** Renae Moch, Public Health Director: *Rm*

**ITEM:** Request to apply for Immunization Information System Grant

### **REQUEST**

Bismarck-Burleigh Public Health is requesting permission to apply for grant funding from the ND Department of Health to increase the quality of data entered into the state's immunization registry, ND Immunization Information System (NDIIS).

Please place this item on the 7/23/2019 City Commission meeting agenda.

### **BACKGROUND INFORMATION**

Bismarck-Burleigh Public Health (BBPH) is requesting permission to apply for grant funding from the ND Department of Health for up to \$8,000 to increase data quality of entered into NDIIS. NDDOH will award 5 local public health units to implement strategies and activities to identify duplicate and fragmented client records, update demographic information and recruit providers not already entering data into NDIIS to start. There is no match requirement and there will be no new FTE's for this funding.

### **RECOMMENDED CITY COMMISSION ACTION**

Approve request to apply for grant funding from the ND Department of Health.
