

Bismarck-Burleigh Public Health

DATE: July 16, 2019

FROM: Renae Moch, Public Health Director: *Rm*

ITEM: Request to apply for Pediatric Influenza Immunization Grant

REQUEST

Bismarck-Burleigh Public Health is requesting permission to apply for grant funding from the ND Department of Health to increase pediatric influenza immunization rates.

Please place this item on the 7/23/2019 City Commission meeting agenda.

BACKGROUND INFORMATION

Bismarck-Burleigh Public Health (BBPH) is requesting permission to apply for grant funding from the ND Department of Health for up to \$10,000 to increase pediatric influenza immunization rates. If approved BBPH would implement community-based interventions to increase the number of pediatric clients who receive the influenza vaccine. There is no match requirement and there will be no new FTE's for this funding.

RECOMMENDED CITY COMMISSION ACTION

Approve request to apply for grant funding from the ND Department of Health.
