

City Administration

DATE: March 16, 2021
FROM: Keith J. Hunke, City Administrator
ITEM: Legislative Report

REQUEST

Consider review and discussion of the 2021 Legislative Report #4

Please place this item on the 3/23/2021 City Commission meeting agenda.

BACKGROUND INFORMATION

The City Commission approved the 2021 Legislative Agenda at its October 27, 2020 meeting. It provides the framework for legislative priorities and topic areas, for city staff to use when communicating with state legislators and testifying on legislative bills. The agenda has been communicated to all legislators from Districts 7, 30, 32, 35, and 47. Contact will be made with legislators, as needed throughout the legislative session, to communicate the city's position on proposed legislation.

At your regular meetings scheduled during the legislative session, we will be presenting the Legislative Report and then asking you to consider taking a position on a list of bills and allowing appropriate city staff to advise legislators of the city's position on matters they will be discussing. If you have other bills you would like considered, please let me know the bill number and we will add them to the list.

RECOMMENDED CITY COMMISSION ACTION

Review and discuss 2021 Legislative Report #4.
