

Burleigh-Morton COVID-19 Steering Committee

MEETING NOTES

Monday, October 5, 2020

2:30 PM

I. Call to Order

Renae Moch called the meeting to order at 2:32 PM.

II. Update on Task Force Progress

Renae Moch provided an update on the task force progress and the work of the subcommittees. The accomplishments will be shared with the task force members during Friday's meeting. A majority of the subcommittee work plans have been implemented through the resources provided by the state. The task force will consider the status of the force during Friday's meeting.

III. Agenda Items for October 9th Meeting

Steering committee members discussed agenda items for Friday's meeting.

The following items were recommended:

- Presentation of Data/Current Stats
- Data/Healthcare Analytics Update
- COVID-19 Impacts on Long-term Care Facilities
- Change in Close Contacts Quarantine Requirements

IV. Other Items Brought Forward by Committee Members

Information was shared regarding the rapid point of care tests that will be arriving in North Dakota. They have a 15-minute result time which could be instrumental in assisting with testing for long-term care facilities, teachers, prison/jail, first responders and other congregate living facilities.

The meeting adjourned at 3:22 PM.

Respectfully submitted,

Renae Moch, MBA, FACMPE
Bismarck-Burleigh Public Health Director
Task Force Coordinator
