

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

All local and state governments that receive direct assistance from any of four major HUD programs—Community Development Block Grant (CDBG), HOME, Emergency Shelter Grant (ESG), or Housing Opportunities for Persons with AIDS (HOPWA)—are required to develop and implement a five year Consolidated Plan. This effort incorporates strategic planning and citizen involvement to develop more effective programs and prioritize the use of HUD funds. A grantee must also submit an annual action plan and grant application that describes the activities that will be undertaken in a particular year to implement the overall Plan. The Annual Action Plan also provides a basis for assessing performance. The City will receive \$376,992 in CDBG funds for program year 2019.

The City of Bismarck receives direct funding from HUD in only one of the covered programs--CDBG. Accordingly, its annual action plan contains only a CDBG application and required data that is relevant to the Consolidated Plan. The 2019 Annual Action plan is the fifth and final year in the City's current five-year Consolidated Plan. It must be noted that the CDBG funds may be used only for activities that primarily benefit low and moderate-income (LMI) persons, eliminate conditions of slum and blight, or address an urgent community need. The three main objectives of CDBG program are to provide decent housing, create sustainable living environments, and develop economic opportunity.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The following are the goals that were developed and approved for the Consolidated Plan:

1. Housing

- Assist with the development or renovation of affordable rental housing
- Promote the development or renovation of special needs housing
- Support homeownership opportunities for low to moderate income (LMI) families

2. Homelessness

- Support the renovation or expansion of facilities
- Assist in the development of additional housing
- Provide for service providers that promote self-sufficiency
- Allocate funds to prevent homelessness

3. Community Development

- Support public service activities that provide essential services to persons who are LMI, homeless, or may have special needs
- Improve the quality of public facilities that are located in LMI neighborhoods or that primarily serve LMI persons

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

2019 is the fifth year of the 2015-19 Consolidated Plan. Although progress was made in the first four years, many goals have yet to be realized. Homelessness issues and housing affordability continue to be the primary concerns. As a result, about 69% of the public service funding was allocated to projects addressing homelessness. The remaining public service funds were awarded to Fair Housing outreach and child neglect prevention. Another 41% of the total project funds were awarded to the construction of a much needed homeless facility. Special needs housing is also a community concern, consequently 13% of the public service funding will be used to assist the disabled in finding and retaining housing. Three activities will renovate facilities serving domestic abuse survivors and youth at risk. In addition, a public facility activity will provide needed renovations to create an improved facility for those struggling with severe mental illness or addiction issues. The City will continue to make efforts to identify ways to meet all of these needs.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Citizen participation included notices of public hearings and program updates, advertisements, on-line information, and outreach/consultation with local organizations to obtain comments, suggestions for funding, and agency proposals. Hearings were held at the City-County Office Building, which is located in a LMI area and is accessible. In addition, all public notices provided information about additional assistance that was available for persons with a disability (eg. TTY number), language assistance (eg. Spanish phone number) or staff contact information. Technical assistance was offered to non-profit organizations, and emails and application information were sent to non-profits and other agencies who provide services to LMI households.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

A comment was received that indicated that there were issues in housing, primarily in low and moderate income housing. The writer indicated that all other issues being discussed in Bismarck, such as employment and addiction, are reliant on housing issues being resolved first. In addition, she noted that other cities are using the "housing first" model, then working towards treatment and jobs. Consultation and input was sought on the needs of the LMI community from the Burleigh County Housing Authority, Dacotah Foundation, Bismarck-Burleigh Health Department, Missouri Slope Area United Way, and other service providers to find out best how to best serve the community.

6. Summary of comments or views not accepted and the reasons for not accepting them

The suggestion we received, for affordable LMI housing, was for an ongoing goal of the City, as guided by the Consolidated Plan. Emergency housing, and homelessness prevention activities were funded. Other local groups did receive CDBG funding for emergency housing assistance. Funding is also being provided for the renovation of a LMI multi-unit rental building, as well as renovations to other emergency shelters.

7. Summary

Consultations with other agencies and public input all helped formulate the 2019 Annual Action Plan. A total of 12 projects were recommended for CDBG funding. Most of the public service funding was awarded to agencies that provide services to prevent homelessness, while public facility improvements focused on renovation of facilities serving at-risk youth, a homeless shelter, and facilities providing housing and supportive services for those struggling with addiction or severe mental health issues, survivors of domestic abuse and their children. Housing activities included funding for renovations to a multi-unit apartment building serving low- to moderate-income tenants.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The lead agency responsible for administering the CDBG program covered by the 2015-19 Consolidated Plan is the City of Bismarck's Community Development Department.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Community Development Department staff maintained dialogue with the local social services, community development, and housing agencies throughout the year. This effort was enhanced by participation in local meetings of the Homeless Coalition, homeless awareness week, training events, housing conferences, public hearings, and other meetings. In addition, staff-initiated and maintained contact with State agencies that funded local entities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Continuum of Care is a statewide effort. The local coalition and its members (including the City) do participate annually in the statewide effort to develop a CoC Plan. Funding priorities and recommendations are developed at the State level. Several local agencies have received funding through this process. The City provides information and technical assistance as needed and consults with the local Homeless Coalition in helping to determine local needs.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The State of North Dakota determines ESG allocations, performance standards, and evaluation of activities. It also provides administrative procedures for HMIS. Upon request, the City provides certification of ESG applicants for their ESG applications.

Identify any Agency Types not consulted and provide rationale for not consulting

Economic development agencies were not consulted since no CDBG funding is awarded for this purpose. Instead, the city uses a local sales tax to fund these efforts.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	ND Coalition for the Homeless	Input from local agencies used in the state plan can also be converted for use in the City plan. Review of the state plan also helps the City set funding priorities for its CDBG program.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Other City departments were consulted. For instance, the City's Public Health Department provided information on health needs of LMI households. The Inspections Division provided input on housing quality, need and demand. The Public Works and Engineering Departments provide information on local infrastructure needs. The ND State Health Department is consulted when needed to obtain technical assistance on lead based paint and asbestos issues.

AP-12 Participation – 91.105, 91.200(c)

**1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting**

The process included a series of public hearings, advertisements, web information, and mailings. All notices gave the public a variety of ways to respond or to seek assistance. The process confirmed a number of existing issues identified in the Consolidated Plan (affordable housing, homelessness). Unfortunately, need exceeded the available money, so funding allocations were based on pressing needs, goals in the Consolidated Plan, and the capability of applicants. Over 49% of CDBG funding was allocated to homeless facilities or for services for homeless persons. Consultation and input was sought on the needs of the LMI community from the Burleigh County Housing Authority, Dacotah Foundation, Bismarck-Burleigh Health Department, Missouri Slope Area United Way, and other service providers to find out best how to best serve the community.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Bismarck will receive \$376,992 in CDBG funding for 2019. No Program income is expected. There is \$5962.69 in unobligated funds from prior years. Multiple projects will meet more than one goal in the Consolidated Plan, which is why it may look like more projects are being funded than the City of Bismarck has received allocated funds for. The activities will receive \$376,992.00 in 2019 CDBG funds, and the remainder of the funding is estimated to be \$129,000.00 provided by the applicants, \$137,290.00 from the State, and \$940,332.00 from other sources.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The housing and community development needs in Bismarck greatly exceed the available funding from the CDBG program. Most activities funded with CDBG funds will also require funding from a variety of funding sources, including: State and Federal governments; foundations; private donations of money or in-kind services, and other funding sources. The City does not receive HOME funding directly from HUD, but previous HOME projects funded through the State continue to generate a HOME match of nearly \$1 million annually.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Bismarck will use CDBG funds to upgrade appliances and some flooring in existing units (72 rental). CDBG funds will also be used to prevent homelessness via payment of back rent, back utilities, or security deposits and provision of fair housing education. Approximately 114 people will be assisted. Multiple projects will meet more than one goal in the Consolidated Plan, which is why the beneficiary numbers appear somewhat skewed.

AP-60 Public Housing – 91.220(h)

Introduction

The Burleigh County Housing Authority manages the public housing units located in the City of Bismarck.

Actions planned during the next year to address the needs to public housing

The City of Bismarck will work with the the Burleigh County Housing Authority to submit an application to the North Dakota HOME program for 2019 funding in order to continue renovations at Washington Court, a low income housing development.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority will continue to offer its homeownership program. This program provides an opportunity for one to three interested tenants residing in public housing to purchase the single family dwelling which they rent. Tenant meetings are also held on a regular basis.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

PHA has not been designated as troubled.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Activities that will benefit homeless persons and prevent homelessness were identified as a priority need in the Consolidated Plan. CDBG funding will be used for the construction of a permanent homeless shelter and for public services that provide emergency assistance and homeless prevention.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Bismarck participates in a statewide Continuum of Care and several local agencies receive funding through that process. It also serves as a clearinghouse for statewide information on homeless data and resources, identifies gaps in services, and provides leadership in strategic planning. The local coalition provides education/outreach, services, and a means for local agencies to communicate and cooperate. It also coordinates the annual point-in-time surveys. The City will continue to work with the local coalition and is providing CDBG assistance for homelessness prevention to at risk-households and emergency services for homeless households. Local service agencies have received training on a coordinated assessment process in order to identify homeless households with the greatest needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency assistance funded through CDBG will limit the number of households entering homelessness. In addition, the City is using CDBG funds to assist in the construction of a permanent emergency homeless shelter (Missouri Slope United Way).

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Three projects will help households avoid homelessness by offering emergency housing assistance. CDBG funding to Dacotah Foundation will focus on persons diagnosed with serious mental illness. The agencies will also provide case management, counseling, and referrals to other services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly

funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Three of the funded agencies (Salvation Army, West Central Human Service Center and AID, Inc.) will focus on prevention of homelessness by using CDBG funds for security deposits or for back rent and utility payments. All three agencies provide other services to the households.

Discussion

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The most highly rated barriers to affordable housing identified in the Consolidated Plan were the cost of land/lot, cost of labor, and cost of materials.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Most of the barriers to affordable housing that were cited in the Consolidated Plan are outside the control of the City, such as cost of land and labor. However, the City will continue to encourage non-profit and private developers to apply for CDBG and HOME funding (via the State). It will also provide support to these entities to apply to the State for HIF funding or to obtain Low Income Housing Tax Credits. The City's Planning Division completed an Infill and Redevelopment Plan in 2016, which includes provisions to encourage affordable housing in previously developed areas and hopefully will encourage more sustainable, affordable, and cost-effective housing development. Implementation of the Plan will allow smaller lot sizes, accessory dwelling units, reduced roadway widths and other means to decrease costs for infrastructure and land. An ordinance reducing roadway widths was adopted in 2016, an ordinance allowing accessory dwelling units in single-family residential zoning districts was adopted in 2017, and the creation of a Traditional Neighborhood zoning district is in process. In addition, a Quiet Rail Zone was implemented 2016 and the Renaissance Zone was renewed for another five years in 2017. These two actions should help develop more housing in downtown Bismarck.

Discussion:

The Community Development Department includes the Building Inspections Division, so it is better able to provide information on zoning, land use, parking, permits, and other information needed for development. The Department reviews proposals and discusses all new developments with developers before meetings with the Planning and Zoning Commission. City fees are reasonable, and the City charges no impact fees. The City also uses a single development application process and has a streamlined permitting and approval process for housing and other developments. Parking requirements can be waived for elderly housing or other special need housing. A Quiet Rail zone has been implemented in the downtown area, which is expected to facilitate the development of housing (e.g., one LIHTC projects were recently completed). In addition, the City is researching options to implement minimum rental housing standards, which would help preserve the existing affordable housing stock within the community. The City will likely be involved through its Renaissance Zone Program and a HOME Program application to try to help ensure that the Patterson Place (affordable senior and disabled housing) in the downtown area will be preserved.

AP-85 Other Actions – 91.220(k)

Introduction:

The following narrative describes additional actions that the City of Bismarck will undertake during the 2019 grant year:

Actions planned to address obstacles to meeting underserved needs

The City has found that the largest obstacle to meeting underserved needs is the lack of resources. While the City has no control over the amount of resources it will receive, the City will allocate what funds it does have to try to meet the priority needs identified in the Consolidated Plan. The City has also allocated a large share of its CDBG public service funds to emergency housing assistance needs since this has been one of the greatest priority needs, due to a shortage of affordable housing and facilities to serve homeless or potentially homeless persons.

Actions planned to foster and maintain affordable housing

During the 2019 program year, the City will continue to use CDBG funding for LMI households to improve accessibility and do emergency repairs. These activities will help maintain affordability for LMI households. In addition, CDBG funds will be used to renovate and preserve Section 8 rental housing that creates housing units with supportive services for seniors and the disabled. The Community Development Department, through its Planning Division, will also be researching ways to reduce costs in the development of new housing.

Actions planned to reduce lead-based paint hazards

The City will continue to provide information on requirements and training to project owners and contractors working on CDBG funded activities. The State Health Department provides technical assistance for these projects upon request or referral by the City.

Actions planned to reduce the number of poverty-level families

The City of Bismarck will continue to support the Bismarck-Mandan Development Association and local economic development projects with local sales tax revenue and other means, but will not use CDBG funds to fund economic development. The City will encourage reinvestment in the downtown through its participation in the Renaissance Zone Program. The City will continue to work with both the Chamber of Commerce and the Downtown Business Association on revitalization and economic development.

The Housing Authority will continue to operate its self-sufficiency program, and Community Action Council will continue its self-reliance activities. Both programs help low income families escape poverty. Operational support, facility renovation, and improved accessibility will aid these efforts. The City will

also use CDBG and HOME (if funded by the State) to support activities that encourage self-sufficiency, job training, supportive services, etc. These efforts will help the City to address poverty issues primarily through supportive services that encourage self-sufficiency.

Actions planned to develop institutional structure

The City will implement no new actions to develop its institutional structure. The City will continue to work and communicate with the Burleigh County Housing Authority, adjacent units of government, local nonprofits, and social service agencies.

Actions planned to enhance coordination between public and private housing and social service agencies

No new actions are planned for FY 2019 to enhance coordination, but every effort will be made to encourage communication and awareness of programs and activities.

Discussion:

During the 2019 program year, the City of Bismarck will continue direct funding to help meet the needs of LMI residents of the City. One hundred percent of CDBG activity funds will be allocated to activities benefitting LMI persons. These efforts, along with activities implemented by other public and private agencies, will help to address the priority needs identified in the Consolidated Plan.

PUBLIC NOTICE CONCERNING THE DEVELOPMENT OF BISMARCK'S ANNUAL ACTION PLAN & CDBG APPLICATION

The City of Bismarck is requesting its citizens to comment on the housing and community development needs of low and moderate income persons. Comments will be used to develop the 2019 Annual Action Plan which is an update to the City's Consolidated Plan (2015-19). The Consolidated Plan is a requirement to receive funding from many HUD programs, and it prioritizes the use of HUD monies based on local needs.

The Annual Plan includes the City's Community Development Block Grant (CDBG) application. The City does not yet know the amount of its 2019 grant, but it is expected to be less than \$30,000. Suggestions are needed on how to best use this money. This funding must be used for activities that primarily benefit low and moderate income persons, alleviate slum & blight, or address a condition that threatens life and health. Recommendations may be given at a public hearing to be held as follows:

Wednesday, January 23, 2019 at 5:15 p.m.
David Biedeman Room - 2nd Floor
City-Courty Building
221 N. 5th Street

Please send requests for information, alternative formats, language translation, or special accommodations for disabilities to the office listed below at least 5 days before the hearing. Written suggestions also may be sent to that office until 1 p.m. on Monday, February 11, 2019. Local agencies or non-profits may request an application if they wish to submit a proposal for CDBG funds. Public notice will be given when the draft plan is available for comment. Auxiliary aids and services are available upon request to individuals with disabilities or limited English proficiency using TTY/ITP equipment. The City's CDBG program is an Equal Opportunity/Fair Housing Program.

Public Notice about the City of Bismarck's 2019 CGDB Application
The City of Bismarck wishes the public to comment on its proposed Annual Action Plan & Community Development Block Grant (CDBG) application. CDBG funds must be used primarily for activities that benefit low and moderate-income persons. Bismarck proposes to use its 2019 CDBG allocation of \$176,880 for the following activities:
• The Abused Adult Resource Center: \$11,130 for cleaning and safety improvements at emergency shelter
• AID, Inc.: \$5,000 for emergency housing assistance
• Burleigh County Housing Authority: \$44,000 for Washington Court upgrade
• Charles Hall Youth Services: \$4,800 for attorney representation at Hill Home
• Deborah Foundation: \$25,000 for flooring at Alternative Care Services facility
• High Plains Fair housing: \$4,000 for Fair Housing outreach education
• Lutheran Social Services: \$8,000 for the Healthy Families Program
• Mission Slope Area-wide United Way: \$15,400 for emergency homeless shelter construction
• Salvation Army: \$9,000 for homelessness prevention
• West Central Service Center: \$4,000 for emergency housing assistance
• Youthworks: \$27,000 for addressing economic education
• Administration: \$75,386
• If more money becomes available, the following may be funded: Bismarck-Burleigh Public Health Department (Social, Dental, vision) that received reduced funding, current projects requiring additional funds, or urgent needs activities in an emergency.
• The following were not funded due to lack of funds: Bismarck-Burleigh Public Health, Burleigh County Council on Aging/Senior Center, Daotech Foundation/Daotech Recovery Center, Lutheran Social Services Housing/Park Avenue Apartments, Mission Slope Area-wide United Way/Service Shelter.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019, 2020, 2021 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
