TIP 2020-2023 **Administrative Modification**

Project Year(s) 2020

Entitiy	Project	Federal	State	Local	Total	Federal Funding Source
Transit	5307 Operations Grant	1,330,565	0	589,156.25	1,919,721	FTA 5307 Funding

Project Description:

The federal award for FFY 2020 5307 funds was decreased from \$1,820,988 to \$1,330,565. The 2020-2023 TIP must be updated to reflect the correct funding amount before FTA can award the grant to the City of Bismarck and Bis-Man Transit.

This \$490,433 decrease is less than 10% of the the total federal funding for the 2019 TIP year. Therefore it does not meet the requirement for a TIP amendment, and an Administrative Modification is sufficient for this change.

Consistency with the Bismarck-Mandan MPO Long Range Transportation Plan:

This Administrative Modification is consistent with the goals and objectives of the BMMPO's LRTP. Specifically, objectives 2A, 4A, 4E, and 6B.

Bismarck-Mandan MPO Policy Board informed of Administrative Modification at the February 18, 2020 meeting.
