

Shoplifting Prevention

Our shoplifting prevention presentations are based on the concept that the best deterrent to shoplifting is an alert, well-trained sales staff. Employers and employees are educated on the tactics used by shoplifters, as well as the best ways to spot shoplifters. Information on legal responsibilities involved in the apprehension of shoplifter is also provided, as well as information on internal theft.

For more information or to schedule a presentation, call the Crime Prevention/Community Services Section at (701) 223-1212.
